Step 4: Packaging & Storage

Packaging Type

Glass Jar

Is hermetically airtight sealed

✓

Sealed Storage Condition

Room Temperature (Dry)

Storage After Opening

Refrigerate

← Back

Analyse Shelf Life

SEALED SHELF LIFE

6 months

Best before: 2027-01-25

AFTER OPENING

8 weeks

Refrigerate after opening

GENERATED LABEL STATEMENT

"Best consumed within 6 months from the date of packaging."

Storage Recommendations

Monitor moisture content and consider adding a natural preservative

Critical Hazards & Risks

[WARNING] Moisture above 20% in a non-acidic product is a HIGH spoilage risk signal

Page 4: 4. Full CRUD Flow (Inventory Stock, Storage Zone & Dispatch)

Update storage zone (PUT /api/shelf-life/storage/:id) and dispatch active batches (PUT /api/shelf-life/dispatch/:id).
